

# 9 QUESTIONS Blake Shelton

Fans love Blake Shelton for hits like “Austin,” “The Baby,” “Some Beach” and his latest, “Don’t Make Me” (from his fourth album, *Pure BS*, due out on April 3)—but they also love him for his easygoing sense of humor. So we weren’t too surprised when our silly questions for Blake elicited some answers that were every bit as silly.

— MARIA DINOIA

**1 If you could have any superpower, which one would it be?**

I wish I had the power to see the future, so that I could quit screwing up.

**2 If you could have a career other than singing, what would you want to do?**

I would definitely want to be rich, so maybe a career in law. A lot of people don’t like me, so I might as well be a lawyer.

**3 What’s the craziest thing you’ve done in the name of love?**

I wore a pair of khaki shorts with short ankle socks and loafers because my girlfriend at the time told me it would look cute.

**4 If you could invent a cocktail, what would be in it?**

I’ve already invented it: Bacardi and diet Sprite. That’s why I don’t go to bars anymore—because it’s my favorite drink, and nobody ever has diet Sprite.

**5 Which job in the circus would best suit you?**

I would probably be the “guess your weight” guy, so I could see the look of disgust on people’s faces when I would guess it way too high. It’d be funny.

**6 Boxers or briefs?**

Briefs. When does that question ever go away?

**7 What do you make sure to eat every day?**

Chips—tortilla chips, corn chips. It’s the one thing I wish I didn’t eat. Outside of that, I usually leave it up to whatever specialty they have in the particular town we’re playing in that day.

**8 If you had to choose between mowing the lawn, washing dirty dishes or scrubbing the toilet, which chore would you choose?**

I’m gonna have to say doing the dishes, because I’m never home enough to actually dirty very many of them.

**9 What is the worst piece of advice you ever got?**

The worst piece of advice I was ever given was this quote right here: “Man, you should do it—it’s for a lot of money.” That was horrible advice.
