LESSONS FROM DAD CONTINUED

AARON TIPPIN

My dad's encouragement made me the man and the dad that I am. My daughter Charla is grown and I hope I was a positive influence on her. I try to help Ted and Tom, my 11- and 8-year-old boys, believe in themselves. I treat them like small adults, give them the room to make mistakes and then steer them in the right direction.

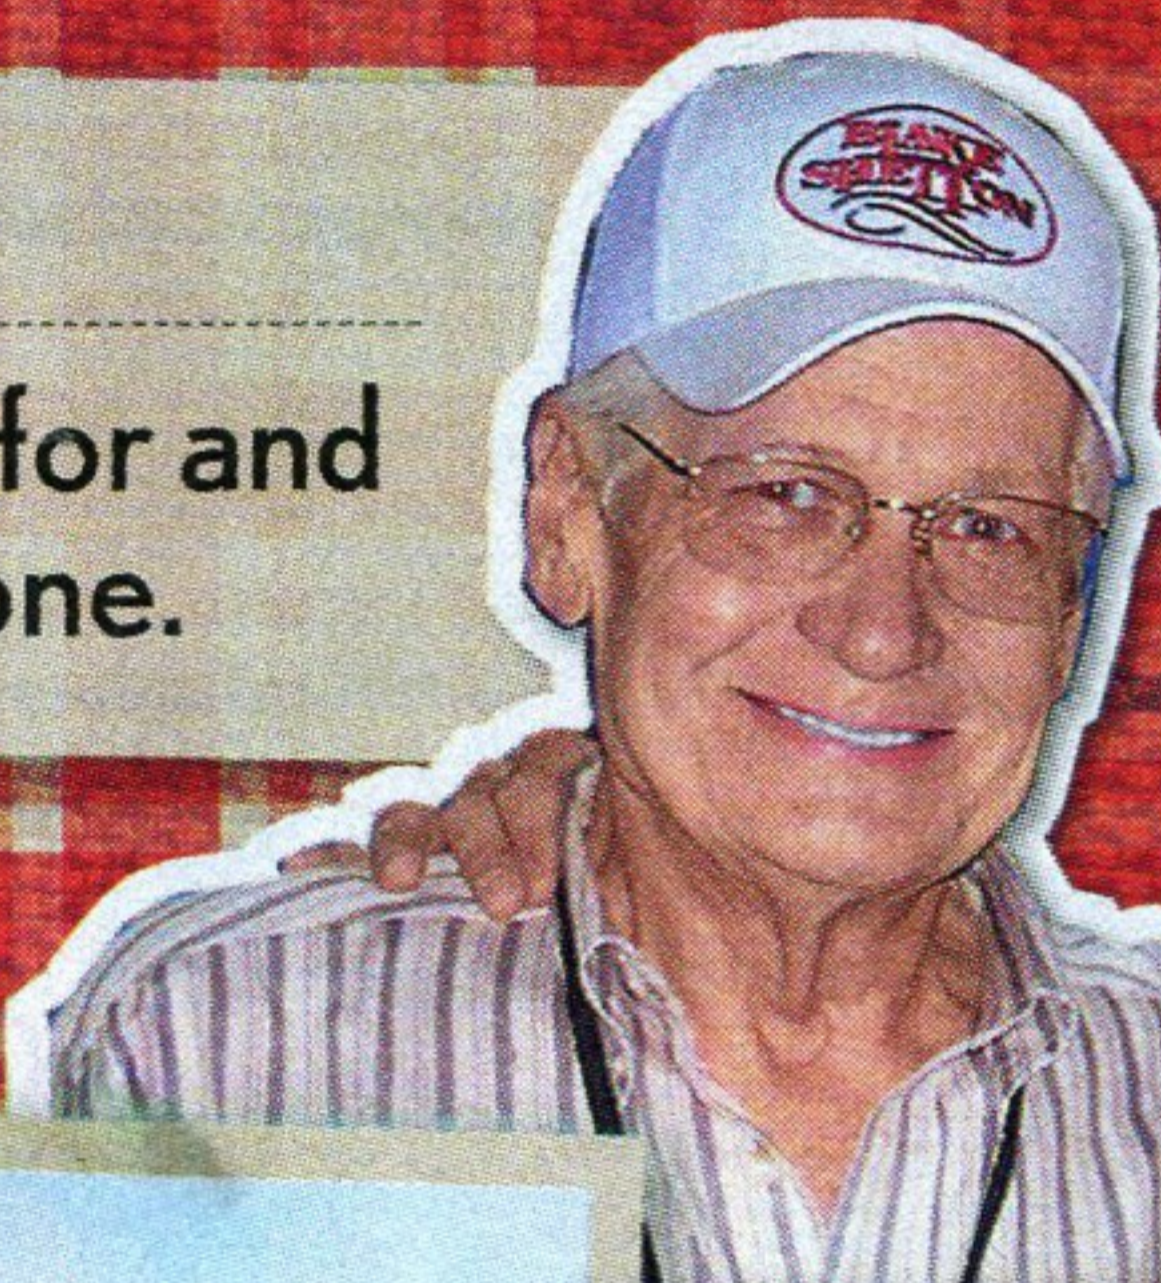

REBA McENTIRE

My dad taught us that when you commit to something, finish what you start.

BLAKE SHELTON

Stay true to what I stand for and not to take crap from anyone.

HEIDI NEWFIELD

I was lucky to be raised by a great stepfather who was very supportive. However, my father's name is Vic Newfield. He taught me tenacity, patience, forgiveness. We didn't spend much time together when I was growing up, and now he's fighting Lou Gehrig's disease. I realize now I always wanted to make him proud and looked for his approval. This helped give me my drive and ambition. Now that he is sick, I don't sweat the small stuff. I am grateful to have him in my life and forgive him for not being there. There is nothing but love now.

JOSH TURNER

My daddy always said there's gonna be times when you wish you could just sit around the house and do nothin', but doing something, even it's something you don't want to do, is the *right* thing to do. That's rung so true for me in my life.
