"Gwen is very insecure about her looks," says a source close to the singer.

## Blake to Gwen: YOU DON'T NEED THE MAKEUP!

Blake Shelton likes his woman au naturel! *In Touch* has learned that the country singer, 39, is begging girlfriend Gwen Stefani to stop wearing so much makeup. "Blake has told Gwen a million times that he thinks she looks so beautiful without all of that face paint on," says a source close to Gwen, 46, who refuses to leave the house without foundation, eyeliner, eye shadow and her signature red lips. "It takes her

forever to get ready because she has to make sure everything is perfect – Blake isn't used to it." Especially because his ex-wife Miranda Lambert, 32, wasn't fussy about her appearance. "Miranda would just wash her hair and go. But Gwen is a total girlie girl," adds the source. "Blake doesn't want Gwen to change who she is; he just wants her to realize how gorgeous she is without all the makeup on."

## PATRICK WANTS BACK ON TV!

"Patrick has promised there won't be any issues once he starts working again," says a source.

Patrick Dempsey is hoping his former boss Shonda Rhimes believes in second chances. His "McDreamy" character was killed off of *Grey's Anatomy* in April 2015 – and at the time, a source told *In Touch* that he'd been fired for having an "inappropriate relationship" with a woman who worked on the set.

Patrick's rep denied the story about his cheating scandal, but the actor's wife, Jillian, filed for divorce. Now Patrick, 50, is planning to reach out to his former boss, 46, in hopes of getting back on TV. "Patrick heard that Shonda is working on a new show and is hoping to be considered for a big role," says a source. "Patrick knows he made a lot of people on the set unhappy back then, but he's gone through a lot of counseling since and is prepared to accept responsibility for his actions," adds the source, noting that he's also back with his wife and working on his marriage.
