

Penélope & Javier

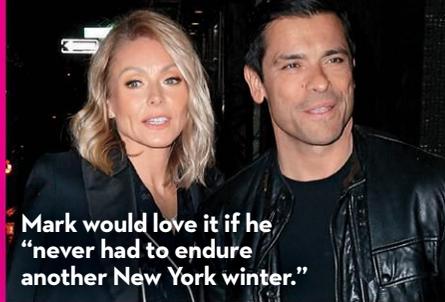

TRYING FOR BABY NO. 3

The holidays can bring on plenty of stress, but for **Penélope Cruz** and **Javier Bardem**, the constant family gatherings are causing a case of baby fever! “Penélope says her kids are growing up so fast,” an insider shares.

“**Luna** is already 3 and a half, and **Leo** is 5. She says she misses having a baby in the house.” But since Penélope, 42, and Javier, 47, “have been wrapped up in work” for the past year, they haven’t had time to focus on a new arrival... until now. “Their main focus for 2017 is having a third child,” explains the insider. “Penélope can’t wait to get pregnant again!”

A source says Penélope loves “everything about being a mom.”

Mark would love it if he “never had to endure another New York winter.”

Mark to Kelly LET’S MOVE TO L.A.!

While **Kelly Ripa** cycles through guest cohosts for her morning show in NYC, hubby **Mark Consuelos** has been busy filming several projects in Los Angeles — and it seems he’s developed a taste for the West Coast lifestyle. In fact, Mark, 45, is nudging Kelly, 46, to move their brood cross-country! “Mark has been telling Kelly that since **Michael Strahan**’s abrupt departure from *Live*, she has more leverage than ever with ABC,” explains a source. “So if she wanted to move the show, he thinks they’d probably do it.” Still, Kelly isn’t keen on the idea, especially with two of their kids still in school and her family in New Jersey. Says the source: “Mark may be forgetting she’s a Jersey girl at heart.”

Gwen’s Boys

BRUSH OFF BLAKE

Gwen Stefani expected an early December weekend in Lake Arrowhead, Calif., with her three sons and boyfriend **Blake Shelton** to be a relaxing retreat, but according to a source close to Gwen, 47, it was anything but. That’s because her two eldest boys, **Kingston**, 10, and **Zuma**, 8, have grown tired of

the country crooner, 40, always being around! “Blake is great with her 2-year-old, **Apollo**, but he hasn’t totally bonded with the older ones,” the source reveals. “All the boys know is that since Blake came on the scene, they’ve been seeing less of their real dad [**Gavin Rossdale**]. They’re starting to blame Blake for the upheaval in

their lives.” Although the *Voice* judge has tried “desperately” to win over Kingston and Zuma, spoiling them every chance he gets, the source says he’s still a little awkward with them, and Gwen knows it: “Kingston has told her that Blake isn’t as ‘cool’ as Gavin. She’s frustrated that the kids aren’t fully accepting him yet.”
