## OK! COUPLES NEWS

### Gwen to Gavin: **TAKE THE KIDS!**

In a recent interview, **Gwen Stefani** suggested that **Gavin Rossdale**'s touring was one reason behind their August divorce. But now it's Gwen's turn to fly the coop. While Gavin, 50, takes care of their children, the "Used to Love You" singer, 46, has been partying with her new beau, **Blake Shelton**, 39. A source says that **Kingston**, 9, **Zuma**, 7, and **Apollo**, 1, "need stability and comfort more than ever, but Gwen would rather spend her time with Blake. It's like she's forgotten she has real responsibilities as a mom."

Gavin took the kids for ice cream on Nov. 4, while Gwen was in Nashville with Blake for the CMAs.

### Mariah **MOVES IN WITH JAMES**

Is **Mariah Carey** looking for more space to store her overflowing shoe collection? After just five months of dating, a smitten Mimi, 45, has reportedly packed up and moved into boyfriend **James Packer**'s Beverly Hills mansion — and is even planning to redecorate. "He's told her she can do what she wants to the place, so she'll style it to match her taste," a source says. The singer's friends aren't sure why she and James, 48, rushed to take the next step, especially since she was already been renting a place nearby. "James might want to brace himself," the insider says. "Dating Mariah and living with her are two different things."

Business mogul **James** splits time between the U.S. and his native Australia.

### Selena's **NEW GUY**

Although her ex **Justin Bieber** is still publicly pining for her, **Selena Gomez** is moving on with her life — and with a new beau: **Samuel Krost**. Sam, a recent NYU graduate, is a friend of **Gigi Hadid**, who introduced him to the singer because "she felt Sam's 'go with the flow' attitude would mesh well with Selena's adventurous side," a source says. The pair was spotted having dinner on Nov. 9 at Cipriani in New York City, where an onlooker said they "couldn't keep their hands off each other," and watched their pal walk in the Victoria's Secret fashion show the next night. Despite their PDA, the insider adds that Selena, 23, wants to keep this relationship out of the spotlight (unlike her on-off romance with the Biebs). She appreciates that the budding sales and marketing exec is "pursuing his career rather than fame." Sounds like Gigi deserves a big thank-you!

WHY EVERYONE IS TALKING ABOUT RIGHT NOW

ACTING SHADY  
Mindy once wore the same jumpsuit and hairstyle as the superstar!

With her locks pulled back and a stretchy black tank, Mindy (right) looked identical to Gwen.

After the trendsetting star wore a denim jumpsuit (left), Mindy mimicked the look.

## Gwen's Nanny: Style (& Husband!) Stealer

This will definitely blow your mind. **Gwen Stefani** and **Gavin Rossdale** filed for divorce back in August, and now reports claim that he was having an ongoing affair with their former nanny Mindy Mann. Even creepier? Taking a page out of the *Single White Female* script, the caretaker also seems to have had a thing for the *Voice* judge's edgy style, from her platinum tresses to her shoes, routinely donning carbon copies of her ensembles!

Gwen (left) and son Zuma matched from head to toe, as did Mindy and the tot on another day.
